Summary

A highly dedicated professional who has completed over 10 years' service. Dealing with PMV & Logistics.

I am an energetic, innovative and dynamic PMV & logistic Superintendent with a proven track record in managing a highly commercial operation in a fast-paced environment. Experience of effectively running a successful PMV& logistic function in a high pressure environment.

A very much hands on approach and hungry to learn to enable me to become a valuable asset.

Incident/Accident investigation, reporting and follow up and closure action.

My aim in life is to pass the knowledge and expertise I have not just in transport but in the Health and Safety world.

I believe training and the passage of information is the key to all knowledge, and ensuring was all in the right place at the right time with the right equipment.

I am looking for a company that can enhance my career development, as well as satisfying my thirst to succeed to deliver top rated performances.
